### RESPONSE UNDER 37 CFR 1.111

Filed concurrently with a Request for Continued Examination under 37 CFR 1.114

In response to the final rejection contained in the Office Communication mailed July 25, 2007, and to the advisory action mailed October 17, 2007 Applicants respectfully submit the following amendments and remarks in connection with the above-identified application. The amendments herein assume that the previously non-applied amendments in the response under 37 CFR 1.116 filed September 25, 2007 are applied before the amendments herein.

Arguments to the final rejection 07-25-2007 are essentially repeated herein from Applicants' previous response of 09-25-2007 under 37 CFR 1.116. These arguments should now be reconsidered in view of the claim amendments. Arguments are also provided herein regarding the new grounds for rejection discussed in the advisory action of 10-17-2007 relating to Eryurek's user interface routines 58.
